The big bridge party arranged by Miss Marian Lindsay for last Friday afternoon proved a tremendous success. The ladies tell me that they will clear about \$1.20 for the Salvation Army nursery, which is indeed fine business. There were forty tables of bridge, and the prizes were quite handsome enough to make the playing lively. Mrs. McKeen won an electrolier.

Mrs. Len Hayward something equally good lacking while Mrs. I. H. Letter and friends and relatives have given several luncheons for her, among them being Mrs. J. E. McHaratty, Mrs. V. Knapp. Mrs. A. There were a few men present, and at least twenty-five women who came because they were interested in the project, and not because they play bridge.

She said that women to-day have a degree of leisure which was beyond the hopes of our mothers and grandmothers, because we are relieved of the necessity of doing and making with our own hands most of the things upon which our own comfort and that of the family depends. Our proxies in the work of spinning and weaving, of sewing and canning and pickling, in the thousand and one directions in which our grandmother's effort was obliged to exert itself—our proxies are the machine and the three million or more women and girls who are angaged in work of factory grade in the United States. Most of these women are working because they have to work, either for the bare necessities of life or because they are reaching toward a higher standard of living than that of their father and living than that of their father and

in this city, from the fact that we are offering brand-new pianos of such well-known makes as A. B. Chace, Emerson, Wegman, Helies Brea, Foster, Armstrong, etc., instead of a lot of patched-up pander, stendi makes and other instruments of questionable quality.

Our ironelad Genrantee of Satisfaction or Honey Buck is given with each instrument during this sale, just the same as though you paid full price; in fact, we intend that every piano sold shall be a standing advertisement for us that will be of untold value to us in our new establishment—each customer getting one of the sale pianos shall have such an unusual bargain that they will be under obligations to help us in the future. We will demonstrate to piano purchasers of St. Louis that the day of fictitious prices and misropresentation in retail piano-selling is past forever.

We expect to have many calls for secondhand planes during this mile, and if you have a plano that you wish to exchange for a new one, an exceptionally liberal allowance will be made for your old one.

Don't healtate to take advantage of this Don't hesitate to take advantage of this opportunity because you do not happen to have the ready cash to make a large payment down, as any reasonable payment will be accepted and future payments made to suit your convenience; it's more a question of getting these planos out into your homes than of price or terms, so long as they are within the bounds of reaso;.
